COTA experience 2 or more years = CCC for each client on caseload. OT and OT A are mutually								
responsible to insure strict compliance (4925.F.)								

Temporary License

An occupational therapist or occupational therapy assistant holding a temporary license issued under this section may practice occupational therapy only under the direction of an occupational therapist licensed by the board, who shall provide such on premises, close supervision of and instruction to the temporary license holder as is adequate to ensure the safety and welfare of patients. The direction and supervision required with respect to an occupational therapist (but not an occupational therapy assistant) holding a temporary license under this section shall be deemed to be satisfied by on-premises direction and immediate supervision by a licensed occupational therapist for not less than two hours each week.

§4925. Supervision of Occupational Therapy Assistants

Such supervision shall not be construed in every case to require the continuous physical presence of the supervising occupational therapist provided, however, that the supervising occupational therapist and the occupational therapy assistant must have the capability to be in contact with each other by telephone or other telecommunication which allows for simultaneous interactive discussion between the supervising occupational therapist and occupational therapy assistant. **ANY CHANGES to the treatment plan/goals needs to be documented in the client's chart.**

Mutual Obligations and Responsibilities

A supervising occupational therapist and occupational therapy assistant shall bear equal reciprocal obligations to insure strict compliance with the obligations, responsibilities and provisions set forth in this Chapter.

Definitions of Supervision according to AOTA

- "Supervision" means the periodic review and inspection of all aspects of occupational therapy services by the appropriate licensed (certified or registered) occupational therapy practitioner.
- "Continuous supervision" applies to aides and means the occupational therapy supervisor is in sight of the aide who is performing delegated client-related tasks.
- "Close supervision" means daily, direct contact at the site of work and applies only to occupational therapists with initial skill development proficiencies or occupational therapy assistants, as appropriate, for the delivery of occupational therapy services.
- "Routine supervision" means direct contact at least every 2 weeks at the site of work, with interim super vision occurring by other methods, such as telephonic, electronic, or written communication and applies only to occupational therapy assistants.
- "General supervision" means at least monthly direct contact, with interim supervision available as needed
 by other methods, and applies only to occupational therapists with increased skill development and mastery of basic role functions or occupational therapy assistants, as appropriate, for the delivery of occupational therapy services.
- "Minimal supervision" means supervision provided on a less-than-monthly basis to occupational therapy assistants when performing non-clinical administrative responsibilities.
- "Good standing" means the individual has not been convicted of a felony or a misdemeanor or disciplined by the recognized professional certifying or standards setting body within 5 years prior to application or renewal of license.
